

LEADING IN FLUID MANAGEMENT AND VENOUS ACCESS TECHNOLOGIES

OUR FLUID MANAGEMENT AND VENOUS ACCESS PORTFOLIO, FORMERLY PART OF BOSTON SCIENTIFIC, IS THE CORNERSTONE OF A NEWLY FORMED, INDEPENDENT MEDICAL DEVICE ORGANIZATION.

The Navilyst Medical name invokes our purpose of steady focus in delivering foresighted navigation as a leader and catalyst for change and innovation. At Navilyst Medical, we are emboldened by the trail-blazing heritage of superior quality products, exceptional service and groundbreaking innovation which will help us lead the journey into medicine's future.

Why the change? We saw the opportunity to build upon our rich tradition of collaboration and innovation and create a strong, focused organization. We are now uniquely positioned to deliver technologies and programs to help you improve the quality of patient care.

We are a leader in the Fluid Management and Venous Access markets. That won't change. Our team is more focused than ever. We'll continue our unwavering commitment to delivering quality products and the same world-class customer service and support you've come to know, expect and trust.

With a state-of-the-art manufacturing facility, financial stability and a reach that extends around the world, we're committed to delivering the best medical device technologies and cost-effective clinical solutions available.

We are committed to being your first choice provider of medical devices for vascular access, and the diagnosis and treatment of vascular disease.
